JHON CARLO LUNA

Summary

Aspiring Software Engineer specializing in front end development. Familiar with various stages of the development cycle for dynamic web projects, and experienced collaborating with a scrum team with agile methodologies. Knowledgeable in various development tools including Figma, HTML5, CSS, Bootstrap, Tailwind, JavaScript, TypeScript, ReactJS, Node.js, Python, Django, MySQL, Git, GraphQL, Github and Bitbucket.

Skills

- Web Development
- Responsive Web Design
- Version Control : Git
- API Integration
- MVC pattern
- Design Thinking
- Problem Solving
- Collaboration and Communication
- Continuous Learning

Experience

Front-end Developer Intern - 03/2023 to 06/2023
Xurpas Inc. - Makati, Philippines

- Collaborated with a Scrum team utilizing Agile methodologies as a front-end developer, ensuring timely delivery of high-quality web applications.
- Actively participated in sprint planning, daily stand-ups, and retrospectives, contributing to the team's Agile practices, and fostering effective communication.
- Developed user-friendly front-end solutions using HTML, CSS, Ant Design, JavaScript, TypeScript, ReactJS, GraphQL and BitBucket within the Scrum framework, resulting in improved user experiences.
- Completed Udemy training courses on various topics, including React - The Complete Guide (incl Hooks, React Router, Redux), Modern React with Redux, GraphQL by Example, The Complete Guide to Advanced React Component Patterns, and The Git & Github Bootcamp

Education

Technological University of the Philippines – Cavite – 2019 to 2023
Bachelor of Engineering Technology major in Computer Engineering Technology

- Will graduate with a Cum Laude distinction.
- Successfully created a responsive user interface using HTML, CSS, Bootstrap and JavaScript for our capstone project - profiling and monitoring system, enabling efficient monitoring of preschoolers' development and nutritional status.
